

# GREG GLASER

## Graphic Designer, Web Designer, IT

Some say I work well under pressure. Some say I am extremely organized. Some say I manage multiple projects well. Some say I think ahead of the curve. Some say I am well rounded. Some say my design is clean and precise. Some say I am creative. Some say I listen well to a customers needs. Some say I am very professional. Some say I communicate effectively.

Let me make you say all of this and more.

*\* My online portfolio may be limited, this is due to avoiding any conflict of interest situations with my current employer. I can provide portfolio examples upon request.*
